ACTviquest

ACTviquest is an integrated access control and video management solution all-in-one compact box. It is capable of recording up to 8 channels and managing up to 100 doors with ACTenterprise Lite.

With a 4TB hard drive, the ACTviquest will suit most small to medium sized applications allowing approximately 12 days recording (1080p, 25fps, 24hour).

ACT

Integrated Access Control and Video Management Solutions

Main Features

▶ Compact Desktop Form Factor
▶ Up to 8CH recording and unlimited Live View with ACT Enterprise Lite.
▶ High performance optimisation with hardware decoding
▶ Mobile App - ACTviquest
▶ Optimised Windows OS
▶ Smart Archive Search
▶ Sync and Async Playback
▶ Dual Monitor Support
▶ Live View, Full HD in real time
▶ Integrated Event Manager
▶ Built-in Web Browser
▶ Built-in Camera Discovery Wizard
▶ ONVIF

If you require more than 8 channels, multiple ACTviquests can be easily used together with seamless integration into one dashboard.
